T.E. INVESTMENT COUNSEL

Investment Objective: To preserve capital while providing a consistent income stream, by investing in Canadian fixed income securities of governments and companies, preferred shares of Canadian companies, and units of Canadian real estate investment trusts. The Fund seeks to outperform the FTSE/TMX Canada Universe Bond Index over rolling four-year periods.

Portfolio Manager: T.E. Investment Counsel

Portfolio Sub-advisors:

TD Asset Management

TD Asset Management is a leading investment management firm in Canada and has managed fixed income mandates since 1990. 20% of the Fund's Assets are invested in the Canadian Bond Index Fund that uses a computer model to match key characteristics (duration, yield, sector weight, etc.) of the benchmark. Another 15% is invested in the Core Plus Bond Fund, which seeks to outperform the benchmark over the long term by utilizing diverse and tactical sources of added value.

Addenda Capital Inc.

Addenda Capital was founded in 1996 and specializes in fixed income mandates. Their strength lies in duration management with added value through yield curve management. They use a proprietary "duration-guide" and will adjust to take advantage of anticipated changes in interest rates. Addenda's Commercial Mortgages strategy invests in high-quality first mortgages that are diversified by asset type, location and borrower. The team employs a rigorous and highly disciplined underwriting process in order to minimize risk and provide consistent returns.

Canso Investment Counsel Ltd.

Canso was founded in 1997 and specializes in corporate bond management. Added value is achieved through security selection using an investment process that is focused on credit analysis to clearly assess the credit risk of each and every issuer.

T.E. INVESTMENT COUNSEL

Investment returns are expressed in Canadian dollars unless otherwise noted and are net of investment management fees, net of fund expenses for the Prosperity pooled funds, and include reinvestment of dividends and income, where applicable. They do not take into account other charges or income taxes payable by any unitholder that would have reduced returns. Returns are time-weighted and figures may be subject to rounding. Pooled funds are not guaranteed. Values change frequently, such that past investment performance is no guarantee of future returns and may not be repeated.

The above performance information reflects previous sub-advisors and/or sub-advisor allocations.

Note that this fact sheet references only the pooled fund units available to T.E. Investment Counsel clients when we provide discretionary investment management services.
